## Happy Holidays from Tiffany Mills Company!

November 9, 2015

Dear Friends,

We wrap up 2015 with excitement. Our journey this year allowed us to hone our latest evening-length work, *After The Feast*, via a Tisch Dance Residency Festival, a second CUNY Dance Initiative Residency, and our ever-growing Salon/Pop-Up Series. Without missing a beat, we will launch into 2016 with national and international tours.

This all leads to our 15th Anniversary Season, where the historic East Village theater La MaMa will present *After The Feast* (Premiere), May 12-15, 2015, as part of their "La MaMa Moves! Dance Festival".

This is a landmark season. We have been evolving our multi-layered work for three years and are entering the final stages of development and production. As we approach our premiere—celebrating a new phase of artistic and professional maturity—we are raising funds to support all 11 artists involved.

This letter, coupled with our Kickstarter campaign that launched November 13, allows us to bring our community of supporters together as we experience a new level of visibility.

We continue to relish the opportunity to create work in partnership with a community of art lovers and supporters. Without you we could not fully realize our projects. Please consider making a tax-deductible gift to our company.

Happy Holidays!
